Dear Friend,

*In the spirit of Lent, I invite you to participate in a one-day retreat on **Black Saturday** with the theme "**Suffering and Glory**." This is the second in a 3-part series on the subject of spiritual polarities which Henri Nouwen addresses in his writings. What a timely topic to tackle in between Good Friday and Easter Sunday! Do invite your friends as together we contemplate on how we can live out this tension creatively and fruitfully in our journey.*
